

Earth Burger Houston

4640 Scott Street, Houston, TX 77004

Prepared for
Sinelli Concepts International

Prepared by
Houston Sign Crafters

Proposal date
September 2, 2026

Valid through
September 17, 2026

Total investment
\$47,250
before applicable sales tax

Executive summary

Houston Sign Crafters proposes to coordinate, fabricate, permit, and install the complete signage package for Earth Burger #20001 at 4640 Scott Street in Houston. The scope is based on the ten-sheet signage drawing package dated June 30, 2026 and includes three illuminated exterior identity signs, drive-thru signage, wayfinding, a wall stencil, and three interior sign elements.

Our objective is to deliver the Houston location within the requested opening window while providing Sinelli Concepts with one local point of accountability for field verification, permitting coordination, fabrication, installation, and warranty support.

3

Illuminated exterior identity signs

2

Drive-thru and wayfinding structures

3

Interior sign elements

\$47,250

Total project investment

Scope and investment

ITEM	DESCRIPTION	QTY.	PRICE
East illuminated logo	Approx. 8'-4 1/4" W x 6'-2 3/4" H face-and halo-illuminated logo assembly with painted aluminum backer	1	\$5,100
South illuminated logo	Approx. 6'-10 3/8" W x 4'-1" H face-and halo-illuminated logo assembly with painted aluminum backer and survey-dependent bracket system	1	\$4,600
North illuminated logo	Approx. 16'-8 1/4" W x 3'-10" H face-and halo-illuminated logo assembly with painted aluminum backer and survey-dependent bracket system	1	\$8,900
South wall stencil	Approx. 7'-8 1/4" W x 6'-10 3/8" H stencil production and application; final paint by GC	1	\$700
Drive-thru canopy structure	Fabricated drive-thru canopy with illuminated Earth Burger logo, Order Here copy, clearance copy, steel/aluminum support structure, and HSC installation	1	\$13,350
Drive-thru wayfinding fixture	Approx. 54" W x 79" H painted aluminum wayfinding fixture with 48" panel, dimensional copy, arrow, and support posts	1	\$3,100
Interior Veggie Joint letters	Approx. 6'-5 5/8" W x 7 1/2" H white Sintra letters, flush mounted	1 set	\$975
Interior round 100% sign	Approx. 39" diameter painted ACM panel with dimensional Sintra copy and stud-mounted pads	1	\$1,250
Entrance mixed-material sign	Approx. 3'-7 1/4" W x 2'-7 1/2" H layered Sintra, turf, painted copy, and laminated vinyl sign	1	\$1,825
Combined installation	Installation of all included non-canopy exterior and interior sign elements	1	\$5,000
Permit allowance	Standard sign-permit coordination and allowance	1	\$850

ITEM	DESCRIPTION	QTY.	PRICE
Engineering allowance	Structural engineering allowance for the proposed scope	1	\$1,600
			TOTAL \$47,250

Pricing is based on purchase of the complete package and the supplied June 30, 2026 drawing set. Removal or material alteration of individual components may require repricing.

What is included

- ✓ Project coordination
- ✓ Shop drawing review and production coordination
- ✓ UL-listed electrical components where applicable
- ✓ Structural engineering allowance
- ✓ Final installation cleanup
- ✓ Field survey and final dimension verification
- ✓ Fabrication of listed signage
- ✓ Standard permitting coordination
- ✓ Installation of listed signage
- ✓ Five-year limited HSC warranty on qualifying HSC-fabricated electrical signage

Schedule

1

Authorization and deposit

Proposal approval, executed agreement, and 50% deposit.

2

Field verification [About 2-3 business days after authorization](#)

Subject to site access.

3

Engineering and permit submission [About 3-5 business days](#)

After verified drawings and required customer documents are available.

4

Permit and landlord review

Timing controlled by the applicable jurisdiction and reviewing parties.

5

Fabrication [About 4-6 weeks](#)

After final artwork, engineering, and permit approvals.

6

Installation [About 2-4 working days](#)

After fabrication, site readiness, and scheduling confirmation.

Houston Sign Crafters will target completion within Earth Burger's requested 90-day opening window. The final completion date depends on timely customer approvals, landlord review, permitting, engineering, site readiness, and access.

Responsibilities and exclusions

HOUSTON SIGN CRAFTERS

- Field verification and signage coordination
- Fabrication of the listed signage
- Standard permit submission and coordination
- Engineering coordination within the stated allowance
- Installation of the listed signage
- Installation scheduling and closeout

CUSTOMER, LANDLORD, OR GENERAL CONTRACTOR

- Final brand, artwork, landlord, and construction approvals
- Accurate property and construction documents requested by the permitting authority
- Primary 120V electrical circuits brought to each sign location
- Final electrical connection by the responsible licensed trade if excluded by jurisdiction or project conditions
- Concrete base, anchor bolts, and J-hooks for the drive-thru canopy structure as identified in the supplied drawing set
- Wall preparation, patching, waterproofing, and painting unless specifically included
- Final paint application for the south elevation stencil
- Safe and unobstructed site access

EXCLUSIONS

- Sales tax is not included and will be added as applicable.
- Permit or engineering costs above the listed allowances require written approval and a change order.
- Concealed conditions, inadequate structure, unavailable electrical service, asbestos, underground conflicts, and site conditions not reasonably visible during the survey are excluded.
- Artwork revisions, scope changes, remobilization, storage, after-hours work, and delays caused by other trades may require a change order.
- Final dimensions and attachment methods are subject to field verification.

Why Houston Sign Crafters

- Houston-based fabrication and installation team
- UL-listed electrical sign capability
- Five-year limited warranty on qualifying electrical signage
- Local permitting and field coordination
- One point of accountability from survey through installation
- Capacity to support future Houston-area franchise locations

Houston Sign Crafters can serve as Earth Burger's local signage execution partner for this project and future Houston-area openings.

Commercial terms

- Proposal total: \$47,250 before applicable sales tax
- Deposit: 50%, or \$23,625
- Final payment: 50%, or \$23,625, due upon installation unless the final agreement states otherwise
- Proposal validity: through September 17, 2026
- Work begins after the executed agreement, deposit, required documents, and customer approvals are received
- Changes require written authorization and may affect price and schedule
- The final fabrication and installation agreement controls if it conflicts with this proposal page
